

Samsung Electronics Romania Trainee

Sofia Office

Get to know us

Samsung Electronics is part of the Samsung Group and is the global leader in production and sales of consumer electronics and their core components. Through relentless innovation and discovery, we are transforming the world of televisions, smartphones, home appliances, medical devices, semiconductors and LED solutions. Samsung Electronics employs 207,000 people across 72 countries with annual sales, both in consumer as well as business-to business-markets, exceeding US\$143 billion. Our goal is opening new possibilities for people everywhere.

Start your career. Learn fast. Make an impact.

Ready to turn what you've learned into real experience? As a **Trainee**, you'll join an international technology environment where you can learn by doing, contribute to real projects and build skills that will help shape your career. You don't need to know everything from day one. Bring your curiosity, energy and willingness to learn — we'll help with the rest.

Ready to start? Apply now by sending your CV @ recrutare.robq@samsung.com.

What you'll do

- Support key business activities and contribute to team projects.
- Analyze data and turn findings into clear reports, presentations, and actionable insights.
- Collaborate with colleagues and stakeholders while tracking progress, results, and deadlines.
- Take ownership, bring fresh ideas, improve ways of working, and gradually lead your own projects.

What you bring

- Final-year university student or recent graduate with fluent written and spoken English.
- Curious about technology and digital trends, with a proactive, positive, and hands-on mindset.
- Strong analytical, problem-solving, communication, and interpersonal skills, with good organization and attention to detail.
- Comfortable with Excel and PowerPoint, and eager to learn, experiment, and grow through feedback.
- **Nice to have:** Project management knowledge or experience with digital, data or AI tools.

What you'll gain

- **Real experience & new skills** – Contribute to meaningful projects and learn by doing.
- **Great connections** – Work closely with experienced colleagues and leaders.
- **International exposure** – Gain first-hand experience in a global organization.
- **Career development** – Discover your strengths and explore future career opportunities.

Bring your curiosity. Build your experience. Shape what's next.
