

## **Job position: Graphic design internship**

That is a **three-month unpaid internship** with an opportunity for a permanent contract after the initial trial period. You will work with us full-time remotely.

### **Description:**

Magicflow Studio is a branding and UX/UI agency based in London. We started our journey three years ago with the idea to create a creative agency that unites talent and delivers a unique approach to branding and design. We have established a significant portfolio of clients in different industries. As a startup, we are currently growing and searching for talented designers to join our team.

### **The role:**

This internship position is a fantastic opportunity for talented students to join the agency's design team in London and work remotely from Sofia. They will contribute to the successful delivery of multiple design projects globally. The studio is fast-paced, and the projects vary daily from interactive pdfs, to brochures, social media posts, landing pages and animation.

We are a supportive, close-knit team looking for a no-egos designer with great potential - who is ready to get stuck in and work collaboratively.

### **The role is right for you if:**

You are someone who likes to work in close collaboration with clients and brands. You are entrepreneurial and relish the opportunity to be a part of something new and dynamic. Want to gain experience in graphic and UX/UI design.

### **The Requirements:**

- Must have a conceptual approach to briefs and projects.
- Must be a team player and work well as a part of the wider creative team.
- Have good time management skills and the ability to work under pressure.
- Creative thinking.
- Passion for the design industry.
- Strong graphic design skills.
- Have an interest and curiosity for the latest design innovations.
- A flexible attitude, with the ability to apply your thinking to any brief that's thrown your way.

**What skills will help you be successful:**

- Work proactively under own initiative and as part of the design team.
- Add value to briefs by offering own ideas and creativity to projects whilst working within a broad range of design guidelines across various artwork collateral.
- Experience creating infographics and interactive pdfs.
- Understand and translate business needs, market context, and visual opportunities into delightful and differentiating designs and holistic systems that effectively communicate the firm's proposition.
- Graphic design experience.
- Experience with Adobe Creative Suite (InDesign, Photoshop, Illustrator, Adobe XD and After Effects)
