

# **MA IN MANAGEMENT IN FINANCE – AUDITING AND ASSURANCE**

## **(Taught in Bulgarian)**

### **Brief description of the program:**

The program offers training courses in the field of management in finance-auditing and assurance. Selected courses correspond to the best models in university's education. Training in the first year is organized in specialized courses in management in finance-auditing and assurance: enterprise accounting (advanced), methods for risk analysis, legal status of financial management, accounting and information security management, taxation, accounting standards, assurance accounting and others. The program offers as well, extracurricular courses: individual works, projects and seminars.

During the second year the program is profiled in two specializations:

- Finance and accounting management, including courses on legal financial accounting expertise, strategic financial management, reporting relationships with state and local governments and others.
- Assurance, including courses in Financial Management in the assurance company, risk management assurance, assurance supervision and control, actuary and others.

The master program " Management in finance-auditing and assurance " is a joint program between the New Bulgarian University and the Institute of Mathematics and Informatics at the Bulgarian Academy of Sciences.

The program offers preparatory module for candidates from other educational areas.

The program offers an upgrading semester for the candidates holders of the "Professional bachelor" degree.
