

MA IN “ REGULATIONS AND STANDARDS IN MEDICINE ”
(TAUGHT IN BULGARIAN)

Brief presentation of the program: The master program "Regulations and standards in medicine" offers interdisciplinary training in the laws of medicine and the regulation and standardization of selected medical activities in Bulgaria. In Bulgaria only NBU offers this kind of master education.

The course is interdisciplinary - medical law standards in pharmacy, nutrition, clinical and paraclinical activities and medical informatics as well as bioethics and medical and health culture.

The courses are conducted by leading experts from Medical Military Academy, Faculties of Pharmacy of Public Health and the Medical University of Sofia, Sofia University "St. Kliment Ohridski", University of "Kliment Ohridski", Plovdiv. Classes are held in the training corpus of the Military Hospital in the city center.

Extracurricular classes include projects, practical and scientific seminars, internships.

Taught courses are combined with practical exercises at Sofia Court, Military Hospital, pharmaceutical companies and others.
