

MA IN BANK MANAGEMENT

(Taught in Bulgarian)

Brief presentation of the program:

The program is created and held together with the International Banking Institute, in order to bring training to the immediate needs of modern banking and financial practice. The training program goes through courses in bank management and marketing of financial services, business communications and negotiations, financial and credit analysis, change management and debt capital markets and stock exchanges. Extracurricular learning modes include internships and work placements within financial institutions.

The program offers an upgrading semester for the candidates holders of the "Professional bachelor" degree.
